SUBJECT: **GROUP HOME PROGRAM MONITORING REPORT – PENNY LANE
MAIN FACILITY, SATELLITE I, SATELLITE II, SATELLITE III,
SATELLITE IV, SATELLITE V, SATELLITE VI, SATELLITE VII, AND
SATELLITE VIII**

We have completed a review of the Main Facility, and Satellite I, II, III, IV, V, VI, VII, and VIII Group Homes (Group Home or Agency) operated by Penny Lane Group Homes. Each Group Home contracts with the Department of Children and Family Services (DCFS) and the Probation Department (Probation).

The Main Facility Group Home is a 50-bed facility, and Satellite I, II, and VI Group Homes are six-bed facilities, which provide care for girls ages 12-18 who exhibit behavioral, social, and emotional difficulties. At the time of the monitoring visit, the Main Facility Group Home was providing services for 21 DCFS children and 24 Probation children; Satellite I Group Home was providing services for three DCFS children and two Probation children; Satellite II Group Home was providing services for four DCFS children and two Probation children; and Satellite VI Group Home was providing services for two DCFS children and four Probation children.

Satellite III, IV, V, VII, and VIII Group Homes are six-bed facilities, which provide care for boys ages 12-18 who exhibit behavioral, social, and emotional difficulties. At the time of the monitoring visit, Satellite III Group Home was providing services for one DCFS child and five Probation children; Satellite IV Group Home was providing services for two DCFS children and four Probation children; Satellite V Group Home was providing services for one DCFS child and four Probation children; Satellite VII Group

Home was providing services for two DCFS children and three Probation children; Satellite VIII Group Home was providing services for one DCFS child and four Probation children.

Eight of the nine Penny Lane Group Homes are located in the Third District. Satellite VI Group Home is located in the Fifth District.

Scope of Review

The purpose of the review is to determine whether the Agency is providing the services outlined in their Program Statement. Additionally, the review covers basic child safety and licensing issues, and includes an evaluation of the Agency's Program Statement, internal policies and procedures, child case records, a facility inspection, and interviews with children placed in the Group Home at the time of the review. Interviews with children are designed to obtain their perspectives on the program services provided by the Agency, and to ensure adherence to the Foster Youth Bill of Rights.

Summary of Findings

The Satellite Group Homes are providing the services outlined in their Program Statement. However, the Main Facility Group Home needs to assess children for needed services within thirty days of placement, and include the development of children's living, self-help, and survival skills in the daily program.

Attached is a detailed report of the review findings.

Review of Report

We discussed our report with the Agency's management. In response to the recommendations made in the report, the Agency's management completed a corrective action plan (attached) which we approved. We thank the management and staff for their cooperation during our review.

If you have any questions, please contact me, or have your staff contact Mike Pirolo at (626) 293-1110.

I. Facility and Environment

Method of assessment – Observation

Comments:

The Main Facility Group Home is located in a residential community. The exterior of the Group Home is well maintained. The front and back yards are clean, and adequately landscaped.

The interior of the Group Home is well maintained. The common quarters are neat and clean. There is adequate furniture and lighting in the Group Home. The Group Home provides a home-like environment.

Children's bedrooms are well maintained. The rooms are clean and orderly, and have age-appropriate personalized decorations. There is adequate furniture, lighting, and storage space. Window coverings and window screens are in good repair. The mattresses are comfortable, and the beds have a full complement of linens. Children's sleeping arrangements are appropriate.

The Group Home maintains age appropriate and accessible recreational equipment. There are board games, a TV, and a DVD player. Books and resource materials, including a computer with a variety of programs, are also available.

The Group Home maintains a sufficient supply of perishable and non perishable foods.

Recommendations

There are no recommendations for this section.

II. Program Services

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Six

Comments:

Children meet the Group Home's population criteria as outlined in their Program Statement. However, children are not assessed for needed services within thirty days of placement as required by the contract.

The treatment team develops and implements the Needs and Services Plans (NSPs) with input from the child. The NSPs are current, comprehensive, and include long and short-term goals. Case files reflect adequate documentation to show that children are receiving treatment services as identified in their NSPs.

Recommendation

1. Penny Lane management assess children for needed services within thirty days of placement.

III. Educational and Emancipation Services

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Six

Comments:

Children are attending school. Children are provided with support and resources to meet their educational needs, and are progressing satisfactorily in school. However, the Group Home's daily program does not include the development of children's daily living, self-help, and survival skills; such as cooking, shopping, and budgeting.

Children are provided with opportunities to participate in emancipation and vocational programs as appropriate.

Recommendation

2. Penny Lane management include the development of children's living, self-help, and survival skills; such as cooking, shopping, and budgeting in the daily program.

IV. Recreation and Activities

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Six

Comments:

The Group Home provides children with sufficient recreational activities, and leisure time. Children are given opportunities to participate in planning activities.

Children are allowed to participate in extra-curricular, enrichment, and social activities in which they have an interest.

The Group Home provides transportation to and from the activities.

Recommendations

There are no recommendations for this section.

V. Psychotropic Medication

Method of assessment – Review of relevant documents

Sample size for interviews: Six

Comments:

Children have current court authorizations for psychotropic medication. Documentation confirms that children are routinely seen by the prescribing psychiatrist.

Children are informed about their psychotropic medication, and are aware of their right to refuse medication.

Medication distribution logs are properly maintained.

Recommendations

There are no recommendations for this section.

VI. Personal Rights

Method of assessment –Interviews with children

Sample size for interviews: Six

Comments:

Children are informed about the Group Home's policies and procedures. Children report that they feel safe in the Group Home, and are provided with appropriate staff

supervision. Children express satisfaction with the quality of their interactions with staff, and report that staff treats them with respect and dignity.

Children report that they are assigned chores that are reasonable and not too demanding. Children are allowed to have private visitors, to make and receive personal telephone calls, and to send and receive unopened correspondence and mail. Children are able to attend religious services of their choice.

Children report that the discipline policies are consistently enforced and that there are fair and appropriate consequences for inappropriate behavior.

Children report satisfaction with meals and snacks.

Children receive voluntary medical, dental, and psychiatric care.

Recommendations

There are no recommendations for this section.

VII. Clothing and Allowance

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Six

Comments:

The Group Home provides appropriate clothing, items of necessity, and the required \$50 monthly clothing allowance to children. Children are given opportunities to select their own clothes. Clothing provided to children is of good quality and of sufficient quantity.

The Group Home provides children with the required minimum base allowance. Children are permitted to spend their allowances as they choose.

The Group Home provides children with adequate personal care items.

Children are encouraged and assisted in creating and maintaining photo albums/life books.

Recommendations

There are no recommendations for this section.

III. Educational and Emancipation Services

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Two

Comments:

Children are attending school. Children are provided with support and resources to meet their educational needs, and are progressing satisfactorily in school. The Group Home's program includes the development of children's daily living, self-help, and survival skills.

Children are provided with opportunities to participate in emancipation and vocational programs as appropriate.

Recommendations

There are no recommendations for this section.

IV. Recreation and Activities

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Two

Comments:

The Group Home provides children with sufficient recreational activities, and leisure time. Children are given opportunities to participate in planning activities.

Children are allowed to participate in extra-curricular, enrichment, and social activities in which they have an interest.

The Group Home provides transportation to and from the activities.

Recommendations

There are no recommendations for this section.

V. Psychotropic Medication

Method of assessment – Review of relevant documents

Sample size for interviews: Two

Comments:

Children have current court authorizations for psychotropic medication. Documentation confirms that children are routinely seen by the prescribing psychiatrist.

Children are informed about their psychotropic medication, and are aware of their right to refuse medication.

Medication distribution logs are properly maintained.

Recommendations

There are no recommendations for this section.

VI. Personal Rights

Method of assessment –Interviews with children

Sample size for interviews: Two

Comments:

Children are informed about the Group Home's policies and procedures. Children report that they feel safe in the Group Home, and are provided with appropriate staff supervision. Children express satisfaction with the quality of their interactions with staff, and report that staff treats them with respect and dignity.

Children report that they are assigned chores that are reasonable and not too demanding. Children are allowed to have private visitors, to make and receive personal telephone calls, and to send and receive unopened correspondence and mail. Children are able to attend religious services of their choice.

Children report that the discipline policies are consistently enforced and that there are fair and appropriate consequences for inappropriate behavior.

Children report satisfaction with meals and snacks.

Children receive voluntary medical, dental, and psychiatric care.

Recommendations

There are no recommendations for this section.

VII. Clothing and Allowance

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Two

Comments:

The Group Home provides appropriate clothing, items of necessity, and the required \$50 monthly clothing allowance to children. Children are given opportunities to select their own clothes. Clothing provided to children is of good quality and of sufficient quantity.

The Group Home provides children with the required minimum base allowance. Children are permitted to spend their allowances as they choose.

The Group Home provides children with adequate personal care items.

Children are encouraged and assisted in creating and maintaining photo albums/life books.

Rate Classification Level: 12**

I. Facility and Environment

Method of assessment – Observation

Comments:

The Satellite VII Group Home is located in a residential community. The exterior of the Group Home is well maintained. The front and back yards are clean, and adequately landscaped.

The interior of the Group Home is well maintained. The common quarters are neat and clean. There is adequate furniture and lighting in the Group Home. The Group Home provides a home-like environment.

Children's bedrooms are well maintained. The rooms are clean and orderly, and have age-appropriate personalized decorations. There is adequate furniture, lighting, and storage space. Window coverings and window screens are in good repair. The mattresses are comfortable, and the beds have a full complement of linens. Children's sleeping arrangements are appropriate.

The Group Home maintains age appropriate and accessible recreational equipment. There are board games, a TV, and a DVD player. Books and resource materials, including a computer with a variety of programs, are also available.

The Group Home maintains a sufficient supply of perishable and non perishable foods.

Recommendations

There are no recommendations for this section.

II. Program Services

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Two

Comments:

Children meet the Group Home's population criteria as outlined in their Program Statement. Children are assessed for needed services within thirty days of placement.

The treatment team develops and implements the Needs and Services Plans (NSPs) with input from the child. The NSPs are current, comprehensive, and include long and short-term goals. Case files reflect adequate documentation to show that children are receiving treatment services as identified in their NSPs.

Penny Lane Correction Action Plan - Auditor-Controller

June 10, 2005

Carla Carr, Group Home Ombudsman
Department of Auditor-Controller, Kenneth Hahn Hall of Administration
500 W. Temple St. Room 515-A
Los Angeles, Ca. 90012
(213) 893-7988 phone
(213) 346-9020 fax
ccarr@auditor.co.la.ca.us

Dear Ms. Carr,

The following is Penny Lane's corrective action plan (CAP) in response to the final draft program audit report faxed to Penny Lane on May 18, 2005.

Penny Lane Main Facility Group Home

Deficiency: Children are not assessed for needed services within thirty days of placement.

Recommendation: Penny Lane management to assess children for needed services within thirty days of placement.

CAP: Penny Lane added a new position entitled the Residential Intake Therapist. The job duties include "timely completion of all aspects of intake assessment for needed services for all new clients within thirty days of placement."

Implementation: A qualified staff member was selected and trained. The Residential Intake Therapist started in the position on June 6, 2005. The recommendation has been implemented.

Prevention of deficiency re-occurrence: The Residential Clinical Director and Residential Quality Improvement Clinical Supervisor are responsible for the supervision of the Residential Intake Therapist and monitoring to ensure that the corrective action remains implemented and is working.

Deficiency: The Group Home's program does not include the development of children's living, self-help and survival skills.

Recommendation: Penny Lane management to include the development of children's living, self-help, and survival skills; such as cooking, shopping and budgeting in the daily program.

Penny Lane Correction Action Plan - Auditor-Controller

CAP: Each week, the Main Facility Assistant Program Director will select five residents that will work with a Main Facility Residential Counselor to develop a menu, a shopping list and budget. The residential counselor will take the five residents to the grocery store to purchase the items from the shopping list with the budgeted amount of money. The residential counselor and residents will return to the kitchen at the Penny Lane Transitional Housing apartments and prepare a meal. Once completed, the residential counselor and residents will enjoy the meal together. The Main Facility Assistant Program Director will start with the oldest residents and work down the list by age. Every resident will have an opportunity to participate in this activity.

Implementation: On June 15, 2005, all main facility residential counselors will be trained by the Main Facility Assistant Program Director how to conduct the cooking, shopping and budgeting activity. The recommendation and CAP will be fully implemented by June 23, 2005.

Prevention of deficiency re-occurrence: The Main Facility Assistant Program Director will be responsible for implementing the Corrective Action Plan. The Main Facility Program Director, who supervises the Main Facility Assistant Program Director, and the Resident Advocate, a Quality Improvement staff, will be responsible for monitoring to ensure the corrective action remains implemented and is working as intended.

Please feel free to contact me with any questions. It is a pleasure working with you and Alex Sigal-Liberman.

Sincerely,

Wendy Carpenter, MA
Associate Director
